

Sayl® Chairs

With the Sayl Chair, designer Yves Béhar used smart engineering to transform simple materials into an innovative design that's beautiful, supportive, and sustainable. Inspired by the striking architecture and less-is-more engineering of suspension bridges, Sayl strikes a healthy balance between ergonomic support and the freedom to move.

Designer

Yves Béhar

Benefits

- Frameless suspension back offers you a healthy balance between support and freedom of movement
- Family of seating that includes task chair, side chair, and stool
- Expresses character through a distinctive design

Warranty

12-year, 3-shift

Key Features

- Harmonic™ Tilt**
Sayl's Harmonic Tilt enables natural, balanced movement through a range of postures.
- 3D Intelligent® Suspension**
Sayl's unframed 3D Intelligent back (available in mid-back) supports key regions of your back as you stretch and move.
- PostureFit®**
PostureFit supports your spine at its lowest point, the sacrum, and reinforces your pelvis, preventing slouching and fatigue while you sit.
- Optional Height-Adjustable Lumbar Support**
The optional height-adjustable lumbar support provides an added level of spinal support and comfort for your lumbar region.
- Contoured Seat Pad**
The contoured seat pad incorporates a blend of injection molding and foam to provide seamless long-term comfort for people of all shapes and sizes.
